Why Use A Pet Sitter?

According to the American Animal Humane Society, pets are happiest when they are surrounded by familiar sights, sounds and smells.

Experts agree that from the pet's perspective, a familiar environment along with the personal attention given by a professional pet sitter is very important; eliminating the trauma of being transported and minimizing exposure to illness. These are certainly additional advantages to the owner and pet alike.

THE PARROT NANNIES Of MINNESOTA

IN-HOME PET SITTING, BOARDING & GROOMING FOR PARROTS AND OTHER PETS

Our Mission

We strive to be an industry leader in the pet care services field here in the Twin Cities, Minnesota. We will watch over your feathered, furred or finned companions in a caring and loving manner while you are away.

We recognize that you are entrusting us to care for the two most important things in your life: your pets and/or your home.

While caring for your pets we strive to provide a loving presence in an effort to lessen any stress your pets may experience during your absence. The Parrot Nannies knows how important the bond is between a pet and its owner and we always strive to respect that bond.

In-your-home pet care clients will receive a daily diary of the time we spend with your pets. Phone calls, voicemails, and/or email updates are available at your request. We also offer mail retrieval, watering of indoor plants, a home security check, opening and closing of window dressings, and turning lights on and off to give your home a "lived-in" look at no extra charge.

As our specialty, you will also find Juli and Kim very knowledgeable in the health, emotional, behavioral and physical aspects of avian care. Both Kim and Juli are lifetime dog and cat lovers and have had a lifetime of experiences with both.
